Hey Anita,

Do you have Windows Media Player / Media Center on your pc or not !?!?!?
Because the videos open in Media Player / Media Center, at least they are with me.
I don't know if this is the reason why you can't see the videos ???

I've been trying to upload them with MAGIX (the same you're using) but for some reason I can't upload them !?!?!?
I wanted to make a link, to place them on the forum.... so everybody can see them.
Perhaps you can tell me how to do it and maybe I can place them here so you and everybody else that can't see them, then see them 😊

Much Love,
Corianne

Hi Melissa,

thanks for placing the video, very nice to see....

Anita,

I have vcl media player and I can see the video... but not yesterday eve..
The problem I think is that the lines are to busy, if you know what I mean.. the window opens, and then there is a message to be patient, because the video has to come from vtm and their must be a connection first... (the same as with Big Brother... sometimes it was so busy that a stream could not open...)
anyway... while making connection the window closes, and then you have to be patient and wait, because it comes back when the connection is there with vtm..

Yesterday eve I didn't succeed, this morning I did and saw the video... so take a time when all the others are in bed 😊 😊

Succes, love, Anne

thaxn for the link loes.....he works.

i, am verry currius iff it works the two off them practicing for weeks on the ice, i think she is funny, but also, how do you say that.....niet op haar mondje gevallen.

i mean nick is verry relaxing, and she seem to be verry hyper, and fast talking, you know.
